Q2 2025 Financial and Operational Results Webcast

NYSE: FSM | TSX: FVI

Q2 2025 Highlights

Fortress balance sheet supports next phase of organic growth, targeting 500,000 oz annually

BALANCE SHEET STRENGTH

\$537 M in liquidity

\$215 M net cash position

CASH FLOW AND MARGINS

FCF from Operations^{1,3} \$57.4 M

Q1 2025: \$66.7 M

Operating cash flow before working capital of \$96.9 M or \$0.32/share²

EBITDA margin grows to record 55% compared to 50% in Q1 2025³

DELIVERING GROWTH

Increased Gold Resources at Diamba Sud⁵

724 koz Indicated, 53% increase 285 koz Inferred, 93% increase

PEA completion targeted for Q4 2025

Séguéla on-track for increased gold production in 2026

Guided 160.000 - 180.000 oz

PRODUCTION

71,229 GEO from Continuing Operations⁴

On track to meet guidance

75,950 GEO including discontinued operations4

STREAMLINING PORTFOLIO

\$83.8 M in gross proceeds from sale of short life mines

Divested San Jose and Yaramoko. avoiding \$50 M in closure costs

CASH COST AND AISC

Cash Cost / GEO^{1,3}

Q2 2025: \$929

Q1 2025: \$866

AISC \$/GEO^{1,3} Q2 2025: \$1,932

Q1 2025: \$1.752

Operations

Q2 production from continuing operations of 71,229 GEO²; on-track to meet annual guidance

Gold Production (oz)

38,186 Q1 2025: 38,500

Cash Cost1 (\$/oz Au)

\$670

Q1 2025: \$650

AISC1 (\$/oz Au)

\$1,634 Q1 2025; \$1,290

\$15.16 Q1 2025: \$12.80 \$21.73 Q1 2025: \$18.74

Financial Overview

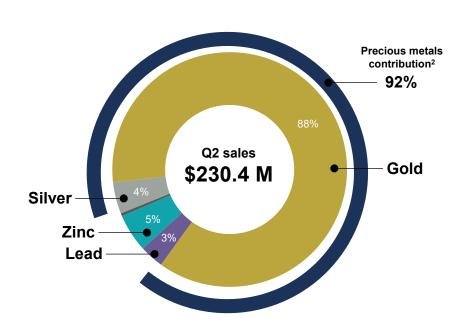

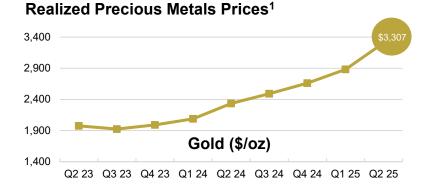

Caylloma Mine, Peru

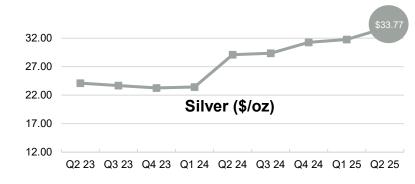

Q2 2025 Sales

47% YoY increase for continuing operations

Q2 2025 Financial Highlights

Record adjusted EBITDA margin of 55%1

(\$ M, except in earnings per share figure)	Q2 2025	Q1 2025	Q2 2024	% Change / YoY
Sales	230.4	195.1	156.3	47%
Operating income	83.7	55.9	30.8	172%
Attributable net income from continuing operations	42.6	35.4	21.3	100%
EPS from continuing operations, basic	0.14	0.11	0.07	100%
Adjusted attributable net income ¹	44.7	35.7	9.3	381%
Adjusted EBITDA ¹	127.7	98.2	72.5	76%
Net cash provided by operating activities	92.7	89.0	37.4	148%
Free cash flow from ongoing operations ¹	57.4	66.7	10.2	463%

- Record EBITDA margin of 55%¹ compared to 50% margin QoQ
- Attributable net income from continuing operations of \$0.14 per share, an increase of \$0.03 QoQ
- Free cash flow from ongoing operations of \$57.4 M¹

Lindero Mine, Argentina

Q2 2025 Capex

2025 mine site capital + projects & greenfield exploration budget of \$180 M

Q2 2025 Financial Highlights

Growing liquidity from free cash flow generation

- Q2 cash position increased by \$78 M to \$387 M
- Increasing liquidity from rising gold prices and strategic asset divestments
- Net cash positive position of \$215 M, after debt

Numbers in the table have been rounded and are expressed in millions of dollars

Appendix

Caylloma Mine, Peru

Notes

Where applicable, the Company has presented operating and financial results based on its continuing operations. Contributions from the San Jose and Yaramoko mines have been removed from quarterly, year to date and comparative figures as they were disposed of during the second quarter of 2025.

- Slide 2 1. Refer to Fortuna news release dated August 6, 2025, "Fortuna Reports Results for the Second Quarter of 2025"
 - 2. Before working capital changes
 - 3. Non-IFRS measures | Refer to slides 19 to 21 for non-IFRS measures details
 - 4. GEO includes gold, silver, lead and zinc and is calculated using the following metal prices for Q2 2025: \$3,307/oz Au, \$33.8/oz Ag, \$1,945/t Pb and \$2,640/t Zn or Au:Ag = 1:97.90, Au:Pb = 1:1.70,
 - 5. Refer to slide 15
- Slide 3 1. Non-IFRS measures | Refer to slides 19 to 21 for non-IFRS measures details. Caylloma all-in sustaining cash cost per payable ounce of silver equivalent sold is calculated using the following metal prices: \$33.76/oz Ag, \$0.88/lb Pb and \$1.20/lb Zn.
 - 2. GEO includes gold, silver, lead and zinc and is calculated using the following metal prices for Q2 2025: \$3,307/oz Au, \$33.8/oz Ag, \$1,945/t Pb and \$2,640/t Zn or Au:Ag = 1:97.90, Au:Pb = 1:1.70, Au:Zn = 1:1.25 and the following metal prices for Q1 2025: \$2,882/oz Au, \$31.8/oz Ag, \$1,971/t Pb and \$2,841/t Zn or Au:Ag = 1:90.82, Au:Pb = 1:1.46, Au:Zn = 1:1.02
- Slide 5 1. Q2 2025 realized prices on provisional sales before adjustments; refer to slide 13
 - 2. Contribution based on net sales. Totals may not add due to rounding.
- Slide 6 1. Non-IFRS measures | Refer to slides 19 to 21 for non-IFRS measures details
 - 2. Where applicable, metrics are presented excluding discontinued operations.
- Slide 7 1. Refer to the "Investing Activities" section in Fortuna's MD&A for the three and six months ended June 30, 2025; page 21
- Slide 8 1. Non-IFRS measures | Refer to slides 19 to 21 for non-IFRS measures details
 - 2. Total net debt to adjusted EBITDA is a non-IFRS ratio | Refer to slides 19 to 21 for non-IFRS measures details
 - 3. Effective October 31, 2024, the Company amended its Revolving Credit Facility to \$150 million. The credit facility would have stepped down to \$175 million in November 2024

2025 Annual Guidance

309 to 339 GEO; at an estimated AISC of between \$1,670 and \$1,765/GEO^{1,3}

Consolidated Production

Board of Directors

DAVID LAING
Board Chair | Independent Director

Mining engineer with 40 years of experience in the industry. David is an independent mining consultant. He was formerly the COO of both Equinox Gold and True Gold Mining. He was also COO and Executive VP, Quintana Resources Capital, a base metals streaming company. David was also one of the original executives of Endeavour Mining.

Chair of the Sustainability Committee and a Member of the Compensation Committee

JORGE A. GANOZA
President, CEO and Director

Co-founder of Fortuna. Peruvian geological engineer with over 25 years of experience in mineral exploration, mining and business development throughout Latin America. Has led Fortuna's growth and acquisitions since inception. Jorge served as director of Ferreycorp from March 2017 to July 2020.

DAVID FARRELL Independent Director

A Corporate Director, with over 25 years of corporate and mining experience. Negotiated, structured and closed more than \$25 billion worth of M&A and structured financing transactions for natural resource companies. Previously, President of Davisa Consulting, a private consulting firm working with global mining companies.

Chair of the Compensation Committee, Chair of the Corporate Governance and Nominating Committees and Member of the Audit Committee

KYLIE DICKSON Independent Director

Executive with over 14 years of experience in the mining industry. Kylie has worked with companies at various stages of the mining lifecycle including playing a key role in multiple financings and M&A. Kylie was most recently the VP, Business Development at Equinox Gold.

Chair of the Audit Committee and Member of the Corporate Governance and Nominating Committee

MARIO SZOTLENDER

Director

Co-founder of Fortuna. Financier, businessman and Director of Atico Mining. Endeavour Silver, and Radius Gold.

Member of the Sustainability Committee

KATE HARCOURT

Sustainability professional with over 30 years of experience, principally in the mining industry. Kate has worked with a number of mining companies and as a consultant for International Finance Corp.

Member of the Sustainability Committee

ALFREDO SILLAU

Independent Director

Managing Partner, CEO and Director of Faro Capital, an investment management firm that manages private equity and real estate funds.

Member of the Audit and Compensation Committees

SALMA SEETAROO

Independent Director

Executive with over 16 years' experience working on debt, equity and special situations investments in Africa. Co-founder and CEO of Cashew Coast, an integrated cashew business located in Côte d'Ivoire. Director of GoviEx Uranium Inc., a Canadian TSX.V listed company.

Member of the Sustainability and Corporate Governance and Nominating Committees

Executive Leadership Team

JORGE A. GANOZA
President, CEO and Director

Co-founder of Fortuna. Peruvian geological engineer with over 25 years of experience in mineral exploration, mining and business development throughout Latin America. Has led Fortuna's growth and acquisitions since inception. Jorge served as director of Ferreycorp from March 2017 to July 2020.

LINDA DESAULNIERS
Corporate Counsel and Chief Compliance Officer

Over 20 years of legal experience in private practice acting for a broad range of Canadian and foreign public companies, primarily in the mining industry; specializing in corporate finance, corporate and commercial law.

LUIS D. GANOZA
Chief Financial Officer

Over 16 years of experience in the operations and financial management of public mining companies. Luis also serves as Chairman of the Board of Atico Mining.

CESAR VELASCO
Chief Operating Officer – Latin America

A skilled executive with 23 years of global experience in the mining and manufacturing industry, Cesar has been with Fortuna since 2018 and was the designated leader for the Fortuna-Roxgold integration.

DAVID WHITTLE
Chief Operating Officer – West Africa

David joined Fortuna in July 2021 and held the position of Vice President Operations – West Africa until September 2022. He has over 30 years of mining operations experience across several commodities and locations around the world. David has been responsible since 2019 for the operational performance of the Yaramoko Mine in Burkina Faso and has implemented strategies to lower costs and improve efficiency.

PAUL WEEDON
Senior Vice President, Exploration

Over 30 years of international mining industry experience in exploration, development and production in Africa and Australia spanning junior to major mining companies.

ERIC CHAPMAN
Senior Vice President, Technical Services

A geologist with over 20 years of experience who has provided technical guidance to Fortuna since 2011. Previously Eric was a Senior Consultant to Snowden Mining Industry Consultants working on a variety of mine and exploration projects in Africa and the Americas.

JULIEN BAUDRAND

Senior Vice President, Sustainability

More than 15 years of experience in social and environmental management in the mining industry in Africa and he spent his first 10 years in the public sector or in consulting.

Cautionary Statement On Forward Looking Statements

This corporate presentation contains forward looking statements which constitute "forward-looking information" within the meaning of applicable Canadian securities legislation and "forward looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995 (collectively, "Forward-looking Statements"). All statements included herein, other than statements of historical fact, are Forward-looking Statements and are subject to a variety of known and unknown risks and uncertainties which could cause actual events or results to differ materially from those reflected in the Forward-looking Statements.

The Forward-looking Statements in this corporate presentation include, without limitation, statements about the Company's business strategy, outlook and plans; its plans for its mines and mineral properties; Fortuna's 2025 annual guidance and statements that the Company is on track to meet the same; statements that Seguela is on track for increased gold production in 2026; statements that the Company is targeting production of 500,000 ounces annually; expectations regarding cash costs and all-in sustaining costs (on a consolidated and on a segmented basis); statements referring to the completion of a preliminary economic assessment in respect of Diamba Sud in the fourth quarter of 2025; forecast metal production, mineral reserves, mineral resources, metal grades, recoveries, forecast total cash costs and all-in sustaining costs; the Company's ability to achieve the exploration, production, cost and development expectations for its respective operations and projects; environmental, social and governance targets; estimated mineral reserves and mineral resources; the Company's liquidity and debt levels, future plans and objectives based on forecasts of future operational or financial results; the estimates of expected or anticipated economic returns from the Company's mining operations including future sales of metals, gold doré, concentrate or other products produced by the Company; and nicipated approvals and other matters.

Often, but not always, these Forward-looking Statements can be identified by the use of words such as "estimated", "potential",
"open", "future", "assumed", "scheduled", "anticipated", "projected", "used", "detailed", "has been", "gain", "planned", "reflecting",
"will", "containing", "remaining", "expected", "to be", or statements that events, "could" or "should" occur or be achieved and similar
expressions, including negative variations.

The forward-looking statements in this corporate presentation also include financial outlooks and other forward-looking metrics relating to Fortuna and its business, including references to financial and business prospects and future results of operations, including production, and cost guidance, anticipated future financial performance and anticipated production, costs and other metrics. Such information, which may be considered future oriented financial information or financial outlooks within the meaning of applicable Canadian securities legislation (collectively, "FOFI"), has been approved by management of the Company and its based on assumptions which management believes were reasonable on the date such FOFI was prepared, having regard to the industry, business, financial conditions, plans and prospects of Fortuna and its business and roperations. Nevertheless, readers are cautioned that such information is highly subjective and should not be relied on as necessarily indicative of future results and that actual results may differ significantly from such projections. FOFI constitutes forward-looking statements and is subject to the same assumptions, uncertainties, risk factors and qualifications as set forth below.

Forward-looking Statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any results, performance or achievements expressed or implied by the Forward-looking Statements, Such uncertainties and factors include, among others, changes in general economic conditions and financial markets; risks associated with war and other geo-political hostilities such as the Ukrainian - Russian and the Israel - Hamas conflicts, any of which could continue to cause a disruption in global economic activity and impact the Company's business, operations, financial condition and share price; escalating costs may affect production, development plans and cost estimates for the Company's mines; adverse changes in prices for gold, silver and other metals; rising input and labor costs; and higher rates of inflation; technological and operational hazards in Fortuna's mining and mine development activities; market risks related to the sale of the Company's doré, concentrates and metals; future development risks, risks inherent in mineral exploration and project development and infrastructure; uncertainties inherent in the estimation of mineral reserves, mineral resources, and metal recoveries; the Company's ability to replace mineral reserves; changes to current estimates of mineral reserves and resources; changes to production estimates; the Company's ability to obtain adequate financing on acceptable terms for further exploration and development programs, acquisitions and opportunities; uncertainties related to exploration projects such as the Diamba Sud project; risks relating to water and power availability; fluctuations in currencies and exchange rates; the imposition of capital controls in countries in which the Company operates; governmental and other approvals; recoverability of value added tax and significant delays in the Company's collection process; claims and legal proceedings, including adverse rulings in litigation against the Company; political or social unrest or instability in countries where Fortuna is active; labor relations issues; governmental and regulatory requirements and actions by governmental authorities, including changes in government policy, government ownership requirements, expropriation of property and assets, adverse changes in environmental, tax and other laws or regulations and the interpretation thereof; environmental matters including obtaining or renewing environmental permits and potential liability claims; risks associated with climate change legislation; laws and regulations regarding the protection of the environment (including greenhouse gas emission reduction and other decarborization requirements and the uncertainty surrounding the interpretation of omnibus Bill C-59 and the related amendments to the Competition Act (Canada); our ability to manage physical and transition risks related to climate change and successfully adapt our business strategy to a low carbon global economy; as well as those factors discussed under "Risk Factors" in the Company's Annual Information Form dated March 20, 2025 and filed on SEDAR+ at www.sedarplus.ca. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in Forward-looking Statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended.

Forward-looking Statements contained herein are based on the assumptions, beliefs, expectations and opinions of management including but not limited to all required third party contractual, regulatory and governmental approvals will be obtained and maintained for the exploration, development, construction and production of its properties; there being no significant disruptions affecting operations, whether relating to labor, supply, power, damage to equipment or other matter; there being no material and negative impact to the various contractors, suppliers and subcontractors at the Company's mine sites as a result of the Ukrainian - Russian conflict and the Israel - Hamas conflict, or otherwise that would impair their ability to provide goods and services; permitting, construction, development, expansion, and production continuing on a basis consistent with the Company's current expectations; expected trends and specific assumptions regarding metal prices and currency exchange rates; prices for and availability of fuel electricity, parts and equipment and other key supplies remaining consistent with current levels; production forecasts meeting expectations; any investigations, claims, and legal, labor and tax proceedings arising in the ordinary course of business will not have a material effect on the results of operations or financial condition of the Company; and the accuracy of the Company's current Mineral Resource and Mineral Reserve estimates and such other assumptions as set out herein. Forwardlooking Statements are made as of the date hereof and the Company disclaims any obligation to update any Forward-looking Statements, whether as a result of new information, future events or results or otherwise, except as required by law. There can be no assurance that Forward-looking Statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, investors should not place undue reliance on Forward-looking Statements.

All dollar amounts in this presentation are expressed in US dollars, unless otherwise indicated. All references to C\$ or to CAD\$ are to Canadian dollars.

CAUTIONARY NOTE TO UNITED STATES INVESTORS CONCERNING ESTIMATES OF RESERVES AND RESOURCES

Reserve and resource estimates included in this corporate presentation have been prepared in accordance with National Instrument 43-101 Standards of Disclosure for Mineral Projects ("NI 43-101") and the Canadian Institute of Mining, Metallurgy, and Petroleum Definition Standards on Mineral Resources and Mineral Reserves. NI 43-101 is a rule developed by the Canadian Securities Administrators that establishes standards for public disclosure by a Canadian company of scientific and technical information concerning mineral projects. Unless otherwise indicated, all mineral reserve and mineral resource estimates contained in the technical disclosure have been prepared in accordance with NI 43-101 and the Canadian Institute of Mining, Metallurgy and Petroleum Definition Standards on Mineral Resources and Reserves.

Canadian standards, including NI 43-101, differ significantly from the requirements of the Securities and Exchange Commission, and mineral reserve and resource information included on this website may not be comparable to similar information disclosed by U.S. companies.

Eric N. Chapman, P.Geo, M.Sc., Senior Vice-President of Technical Services for the Company, a Qualified Person under National Instrument 43-101 – Standards of Disclosure for Mineral Projects ("NI 43-101"), has reviewed and approved the scientific and technical information contained in this presentation pertaining to the Caylloma, Lindero, and Séguéla mines. Paul Weedon, Senior Vice President of Exploration for the Company, is a Qualified Person as defined by NI 43-101, being a member of the Australian Institute for Geoscientists (Membership #6001) and has reviewed and approved the exploration and scientific information contained in this presentation for Séquéla Mine.

Non-IFRS Financial Measures

Fortuna's condensed interim consolidated financial statements of the Company for the three and six months ended June 30, 2025 and 2024 (the "Q2 2025 Financial Statements") which are referred to in this webcast presentation have been prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board. However, this webcast presentation includes certain financial measures and ratios that are not defined under IFRS and are not disclosed in the Q2 2025 Financial Statements, including but not limited to: adjusted attributable net income; adjusted EBITDA; total not debt; cash cost, net cash, cash cost per ounce of gold equivalent sold; all-in sustaining cash cost per ounce of gold equivalent sold; and free cash flow from ongoing operations. Accordingly, the most directly comparable IFRS financial measures to these aforementioned non-IFRS measures, and the results from the three and six months ended June 30, 2025, are set out below.

In addition, this webcast presentation includes certain financial measures and ratios that are not defined under IFRS and that are derived from the Management's Discussion and Analysis for the three months ended March 31, 2025 and which have been subsequently adjusted to remove contributions from the San Jose Mine and the Yaramoko Mine, as they were disposed of during the second quarter of 2025, and are not disclosed in the Company's condensed interim consolidated financial statements for the three months ended March 31, 2025 and 2024 ("01 2025 Financial Statements"). These measures include: cash cost per ounce of gold equivalent sold; adjusted attributable net income; adjusted EBITDA; all-in sustaining cash cost per ounce of gold equivalent sold; and free cash flow from ongoing operations. The most directly comparable IFRS financial measures to these aforementioned non-IFRS measures, and the results from the three months ended March 31, 2025 ("01 2025 MD&A"), are set out in the table below:

The Company has presented operating and financial results based on its continuing operations for Q2 2025 and year to date. Contributions from the San Jose and Yaramoko Mines have been removed from quarterly, year to date and comparative figures as these mines were disposed of during the second quarter of 2025.

Non-IFRS Measure (Expressed in \$ millions)	Most Directly Comparable IFRS Measure	3 months ended March 31, 2025 (IFRS Measure)	3 months ended June 30, 2025 (IFRS Measure)
Free cash flow from ongoing operations	Net cash provided by operating activities	89.0	92.7
Adjusted EBITDA	Net income from continuing operations	38.9	47.7
Adjusted EBITDA Margin	Net income from continuing operations	38.9	47.7
Adjusted net income	Net income from continuing operations	38.9	47.7
Adjusted attributable net income	Net income from continuing operations	38.9	47.7
AISC	Cost of Sales	114.7	125.4
Total Net Debt	Debt	128.0	130.0
Total Net Debt to Adjusted EBITDA ratio	Debt	128.0	130.0
Cash Cost	Cost of Sales	114.7	125.4
Net cash	Debt	128.0	130.0

These non-IFRS financial measures are widely reported in the mining industry as benchmarks for performance and are used by Management to monitor and evaluate the Company's operating performance and ability to generate cash. The Company believes that, in addition to financial measures and ratios prepared in accordance with IFRS, certain investors use these non-IFRS financial measures and ratios to evaluate the Company's performance. However, the measures do not have a standardized meaning under IFRS and may not be comparable to similar financial measures disclosed by other companies. Accordingly, non-IFRS financial measures should not be considered in isolation or as a substitute for measures and ratios of the Company's performance prepared in accordance with IFRS. The Company has calculated these measures consistently for all periods presented.

Accordingly, non-IFRS financial measures should not be considered in isolation or as a substitute for measures and ratios of the Company's performance prepared in accordance with IFRS. The Company has calculated these measures consistently for all periods presented.

To facilitate a better understanding of these measures and ratios as calculated by the Company, please see the sections entitled 'non-IFRS Financial Measures' in the Q1 2025 MD&A on pages 26 to 28 and the Company's management's discussion and analysis for the three and six months ended June 30, 2025 (the 'Q2 2025 MD&A') on pages 24 to 35, which sections are incorporated by reference in this webcast presentation. The aforementioned sections provide additional information regarding each non-IFRS financial measure and non-IFRS ratio disclosed in this webcast presentation, including an explanation of their composition; an explanation of how such measures and ratios provide useful information to an investor and the additional purposes, if any, for which management of Fortuna uses such measures and ratios; and a qualitative reconciliation of each non-IFRS financial measure to the most directly comparable financial measure that is disclosed in the Q1 2025 Financial Statements and the Q2 2025 Financial Statements. The Q1 2025 MD&A, Q1 2025 Financial Statements, Q2 2025 MD&A, and the Q2 2025 Financial Statements may be accessed on SEDAR+ at www.sedarobus.ca under the Company's profile. Fortuna Mining Corp.

Non-IFRS Financial Measures
